Creative Dance ~ all ages

3:40-4:40 ~ Tuesdays Jan 19 - March 23 (no class 2/16) ~ Stage ~

~\$90 for 9 weeks ~

Exploring the creativity & imagination of childhood, dancers have the opportunity to improvise, engage in creative problem solving & grow in cognitive, social & emotional ways as they interact in class. Kids naturally explore space making movement choices that please them. All dance has its foundation in these beginning movement choices. I believe in preserving kids' uninhibited enjoyment of movement as I introduce them to the world of dance in an enthusiastic, warm & patient manner. My goal is to instill the joy of movement & motivate self confidence in my students. Please contact Kelly Bradford at 206-432-1821 or kcbradford@gmail.com, or Heidi Favour at 206-632-0095, for more information. **Make checks payable to Jennifer Shepherd.**

Want to be “green” and creative? Learn how to make purses, lunch bags, and other fun items from juice pouches saved from JSIS lunches. We’ll take you through the entire process of cleaning and sorting the juice pouches, choosing a design or coming up with your own design, and then creating your very own juice pouch item. If you can use a sewing machine, we’ll have one or two on hand for you to sew your creation; but we’ll also use hand sewing, duct tape, and other construction methods. Every student will take home an item they have made and/or designed in class. If we have time, we’ll also make crafts from recycled holiday cards. For more information or to register, please contact Barb Burrell at barb@raaen.com or 206-632-0130. **Make checks payable to JSIS PTSA.**
